### Accessories

### SKU number

Suction unit 120V/230V	8504620 / 8504380
Suction skirt / splash protection	8504690
Suction skirt kit (including bottle holder, 2 screws, 2 rings & 4 weights)	8505460
Double filter paper bags (10-pack)	8505100
Microfilters (5-pack)	8505110
HEPA filter	8505180

An overview of other accessories, brushes, pad drives and pads is available on request.

### Additional features

**Vacuum unit and suction skirt:** The combination of vacuum unit and suction skirt is an ideal solution to prevent dust emission into the air. During spray cleaning, the skirt also acts as a splash protector.

**Direct solution distribution:** The cleaning solution is distributed through the centre of the pad, using the whole surface of the pad. An electrical spray unit is fitted as standard.

**Full pad contact:** The floating pad drive gives a constant working pressure and enables the machine to be used on uneven floors.

**Robustness:** TASKI ergodisc 1200 machines are part of an innovative range of single disc machines. The use of high-tech materials creates robust, shock absorbing machines with an extended lifetime and low service costs.

All ergodisc machines come with 2 years' warranty.
