

# TASKI® AERO BP / AERO BP Lithium

The TASKI AERO BP back pack vacuums deliver best in class performance, lightness and user comfort.

## TASKI AERO BP

The AERO BP is ideal for stairs, lifts, and entrances. Low weight, low sound and slim profile combined with great suction and versatility.

The lithium battery model is perfect for areas where ultimate agility and freedom of movement is essential.

### TASKI AERO BP brings you:

- Light, quiet and discreet
- Comfort and ergonomics
- Flexibility and autonomy
- Performance

### Light, quiet and discreet

The AERO BP is perfect for stairs, lifts, and entrances. The battery model is exceptional for transport, leisure, building circulation areas. Anywhere the presence of the public makes safety a priority. Low weight and sound level is achieved through smart design and materials without impacting performance and creating unpleasant heat. Light with a slim profile and lower noise level for discreet vacuuming.

### Comfort and ergonomics

Low overall weight is critical to any back pack vacuum. At just 4.7 kg (electric) and 5.3 kg (battery), they are amongst the lightest back pack vacuums available. The slim profile and webbing made from hi-tech modern ruck sack materials deliver near perfect weight distribution and exceptional user comfort.

### Flexibility/autonomy

Three in one – back pack vacuum, tub vacuum and blower. Both models can easily and quickly be converted into either an ultra-compact tub vacuum or a leaf, sand or debris blower. To save cost and improve flexibility the same lithium battery/charger from the TASKI swingo 150 B scrubber drier is used. The AERO BP lithium model has a run time of 30 minutes and a recharge of just 90 minutes. Extra batteries are available for increased autonomy.

### Performance

The EU Eco Label Rating is the measurement of overall performance. The AERO BP electric version is highly rated at A. The AERO BP Lithium delivers a highly credible 22 L/sec whilst the electric model delivers a superb 30 L/sec of suction. The optional turbo brush delivers brilliant cleaning performance.
