

## TASKI Jontec Saponet free

### Soap-based floor cleaner/maintainer

# F3b

#### Description

Soap based floor cleaner and maintainer which provides a silk-like gloss and slip resistant protective film which is renewed at each cleaning.

#### Key properties

- Unique combination of high quality soap and surfactants
- Leaves a thin, protective layer on the surface
- Low foaming
- Fulfills swan criteria for cleaners version 3.0 15/6 2003 -14/ 2007

#### Benefits

- Very good cleaning results
- Create a slip-resistant, silk-like protective film
- Buffable for extra shine
- Environmentally compatible

#### Use instructions

##### Dosage

Min. dosage: 10-20ml to 5L solution (0.2-0.4%). Increase concentration if necessary.

Initial treatment: 100ml to 10L solution (1%)

##### Application

###### Manual:

Wet mopping: Dose the product into a bucket filled with water, apply the solution and remove the soiled solution.

Initial treatment: Apply the solution with a mop and allow it to dry. Use a clean mop. Buff with a single disc machine for extra shine.

###### Machine:

Dose the product into a full water tank, apply the solution and remove the soiled solution. Buff with a single disc machine for extra shine.

###### Caution:

Not suitable for scrubber drier use in hard water areas (Ca-soap may clog nozzles).

###### Important:

Do not use on water-sensitive floors, e.g. unsealed wood and cork.

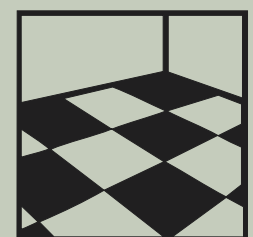

#### Technical data

Appearance:	Clear, colourless liquid
Relative density:	1.02
pH-value neat:	8.5 – 9.0
pH-value in use at minimum dosage:	7.5 +/- 0.5

#### Environmental information

Labelled with Nordic Swan, license number: 526-046

All surfactants are readily biodegradable according to OECD 301
