

CARBON NEUTRAL PRODUCT

Bingold GmbH & Co. KG supports the following UN goals for sustainable development:

Bingold GmbH & Co. KG
Product „Nitrile gloves annual production 2022“

Participant ID: DE-3331-1231
Valid until: 31.12.2022

This certificate guarantees that the reported quantity of 15 tons CO₂ has been saved in Gold Standard and VCS tested climate projects.

Bingold GmbH & Co. KG has acquired shares (certificates) in climate protection projects corresponding to the calculated volume of 15 tons CO₂ to offset the carbon emissions of “Nitrile gloves annual production 2022”, and therefore plays a transparent part in the realisation of the projects. This ensures that the company compensates for its own CO₂ emissions, and thus scales back the rise in global warming.

The projects have been certified, and the issue and closure of the certificates is registered transparently.

Bingold GmbH & Co. KG is therefore a voluntary participant in emissions trading, and thus makes a contribution to maintaining a viable environment by reducing the emissions of greenhouse gases. The holder of this certificate makes a sustainable contribution to the commitment to tackle global warming.

Frank Huschka
