

## WASH & GO

SQUIZZY - 15 L BUCKET WITH WHEELS - GREEN COLOUR  
Product code. 0V006415

SQUIZZY BUCKET. It deals of a double plastic bucket with fixed divider to separate rinsing water from the detergent solution. It includes two rolls squeezer : one is fixed to the bucket while the other works thanks to steel levers operated by the foot of the operator , avoiding in this way difficult bendings for him. The double roll-squeezer gives a good wringing for any cleaning system . The plastic handle is in polypropylene. The professional cleaning is ensured by the possibility to rinse the tool before dip it in the chemical solution. The rollers can be replaced if broken. The Bucket is also equipped with four Ø 50 mm pivoting wheels
