

Hand Hygiene Stand Tosca 2 Sensor – stand + refillable sensor dispenser - 1000 ml

GENERAL

Hand hygiene station with refillable sensor dispenser.

- No-touch operation
- 1000 ml
- 0.4ml / dose
- Suitable for liquid alcohol gel and foam soap
- Possible drops of soap or alcohol gel are collected on the plate at the back of the column
- 4x AA batteries included

USAGE

Installation:

- Place 4x AA batteries in the battery compartment of the dispenser (only use Alkaline batteries)
- Fill the reservoir with liquid Alco-Gel or foam soap
- Activate the dispenser by pressing the button on the inside of the dispenser for a few seconds

Cleaning:

Clean the dispenser on a regular basis with lukewarm water: 1x every 2 weeks or more often with less frequent use. Wash the reservoir without the pump: unscrew pump before cleaning the reservoir.

Hand Hygiene Stand Tosca 2 Sensor – stand + refillable sensor dispenser - 1000 ml
