## Alkaline floor cleaner

### Description

Heavy duty, alkaline floor cleaner. Cleans heavy soil, dirt and grease off all water resistant, non protected hard floors. Especially suitable for heavy duty ceramic and porous tiles cleaning.

### Key properties

- Alkaline formulation based on detergents, without solvents
- Good emulsifying power
- Versatile application
- Fresh fragrance
- Unique, patented Odour Neutralizing Technology (O.N.T.)

### Benefits

- Effective cleaning properties. Can also be used on solvent sensitive floors e.g asphalt
- Effectively removes soil crusts, nicotine and scuff marks
- Ideal for wet mopping and single disc machine systems
- Suitable for scrubber driers
- Leaves a pleasant, fresh fragrance
- Neutralises malodour molecules and therefore enhances the perfume effect

### Use Instructions

1. Dose the product into the full water tank/bucket.
2. Apply the solution.
3. Allow the product to act for 5-10 minutes.
4. Remove the soiled solution.
5. Rinse the floor with clean water if necessary.

### Dosage\*

TASKI Jontec Total needs to be diluted.

Dosage bucket: 75ml / 5L (1.5%) max 5%.

Dosage scrubber drier: 75ml / 10L (1.5%) max 2% (maximum 5% for indirect method).

Proper dosage and temperature save costs and minimize environmental impacts.

*\*This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

### Technical data

Appearance:	Clear green liquid
Odour:	Herbal
pH value (neat):	> 12
Relative density (g/cm <sup>3</sup> ; 20°C):	≈ 1.02

*The above data is typical of normal production and should not be taken as a specification.*

### Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; [sds.diversey.com](https://sds.diversey.com). Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

### Product compatibility

Do not use on alkali and water-sensitive floors. Test material compatibility in a small inconspicuous place before use. Immediately remove any solution splashes from alkali-sensitive surfaces (e.g. wooden baseboards, painted/varnished or aluminium surfaces) with a wet cloth.

### Environmental information

The surfactants used in this product are biodegradable in compliance with the requirements of EC Directives 73/404/EEC and 73/405/EEC and their subsequent amendments.

### Available pack sizes

TASKI Jontec Total is available in 2x5L and 1x200L.
