

# Vamat® + Fett Ex

P 940

Ecological kitchen & grease cleaner

EU Ecolabel:  
DE/020/447

## Area of application

- In the food processing sector including bakeries, butchers and large kitchens in the catering and hotel industry etc.
- For all washable and water-resistant surfaces and materials
- Water-resistant floor coverings

## Product properties

- Eco-certified, certified with EU Ecolabel
- Cradle to cradle certified, full scope, silver, version 4.0
- Universal kitchen intensive cleaner for stubborn, older soiling
- Perfume and dye-free
- Very good material compatibility
- Meets the requirements within the framework of an HACCP concept
- Excellent removal of protein, oil and grease-containing dirt

## Application and dosage

- Correct dosage saves costs and protects the environment.
- Dosing aids are available on request.
- Always use cold water.
- Consumption: 0,01 - 0,06 ml / per m<sup>2</sup>

- Apply fresh application solutions and consume them within 24 hours at the latest.

## Note

- Do not use on acrylic glass (PMMA).
- Surfaces or objects that come into direct contact with food must be cleaned of cleaning residues by careful rinsing with water.
- The correct dosage saves costs and protects the environment.
- \*Dosage according to EU ecolabel criteria: Light soiling: 20 ml / 10 l; normal soiling: 50 ml / 10 l.
- Original bottle can be easily refilled from the practical canister to save packaging waste.
- Do not mix with other cleaning agent concentrates or cleaning products.
- When used in the machine, the tanks should be cleaned and rinsed regularly.
- Changes or variations in colour of the product do not impact on the quality. The product image may differ in colour and shape from the original.
- **Safety:** Hazard statements and safety precautions can be found in the relevant safety data sheet, which is available at [www.buzil.com](http://www.buzil.com).
- **Storage:** Always keep containers closed. Store at room temperature in the original container. Consume opened containers within 9 months.
- **Environmental:** Feed residual emptied containers to the dual system. For detailed information see environmental information.
