

TASKI® Sani Clonet Pur-Eco

W4f

Toilet cleaner

Description

Ready to use, heavy-duty cleaner for the effective removal of limescale and other deposits from toilet bowls and urinals.

Key properties

- Effective, fine blend of citric acid
- Ideal viscosity for optimal adhesion
- Has an angled neck bottle to reach under the toilet rim easily
- Fulfills the criteria of the Nordic Ecolabel scheme
- Unified fresh fragrance throughout the Pur-Eco range

Benefits

- Quickly dissolves calcium/lime deposits
- Long-lasting action on vertical/sloped surfaces
- Easily reaches hidden areas e.g. under the toilet rim
- Leaves a pleasant lime scent in all cleaned areas

Use instructions

1. Flush the toilet/urinal.
2. Apply the product under the rim, around the bowl, onto water/flush paths and water outlets.
3. Allow the product to act for 5-10 minutes.
4. Scrub with a brush and flush to rinse.
5. Increase acting time (1-2 hours) in case of heavy calcium/lime build-up.

Dosage*

Ready to use, no dilution required.

For manual dosing of 5L canister, dispenser pumps and empty bottles are available.

Proper dosage saves costs and minimises environmental impact.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*
