

Twist Mop Velcro - 45 cm - blue

GENERAL

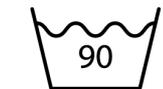

Microfibre mop with long piles (8 mm).

- Quick use and short drying time of the floor.
- High-cleaning capabilities.
- Use on non-skid floors because of the high friction.
- No spreading of dirt.
- Quick and easy change due to use of Velcro.
- Loop for removal of the mop.

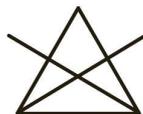

USAGE

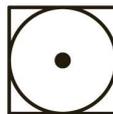

1. Wash the mop in the washing machine before the first use.
2. Use 4 to 5 litres of water for 15 mops. Fold the mops in half (microfibre on the inside), place the mops in a tray with the narrow side at the bottom and the loop at the top. Add 4 to 5 litres of water (with detergent). Allow the mops to absorb the moisture. Move the first 2 mops backwards to distribute the moisture evenly. The mops are now damp for optimal use.
3. Place the mop on the mop holder.
4. Remove mop after each use.
5. Wash in the washing machine before next use.
