## PRODUCT INFORMATION

Description

## OPERA 11.2 REUSE

### **Applications**

Service and washing trolley with pre-impregnated system, particularly suitable for the Ho.Re.Ca and hospital world

### **Features**

- Multi-purpose trolley, washing and service, made of recyclable polypropylene copolymer
- Modular trolley that adapts to every sector and situation, practical, robust and easy to clean
- Available with full or half doors that open 270° for added convenience during use. They are equipped with a key lock to ensure maximum safety and hygiene and a tidy appearance. The particularly sturdy base and the wheels, Ø125mm Silent Wheel, designed and built in TWT guarantee the trolley a simple, easy and silent mobility even with heavy loads or in the presence of carpets
- Drawers, shelves and buckets made of polypropylene are particularly robust and easy to clean
- The different configurations available and the wide range of accessories allow the trolley to be customized according to the needs of the specific operating environments
