## Technical Data Sheet Polyurethane (“PU”) Glove Tightener/Stiffener

<b>Product code prefix</b>	132. Check with our distributor for their product code number.
<b>Abrasion</b>	Highly abrasion resistant.
<b>Care instructions</b>	Laundry safe: machine washable and dryer safe to 82°C/180°F.
<b>Chemicals/acids</b>	Excellent resistance against a wide range of chemicals and acids. When confirming, please provide MSDS to our specialists for analysis.
<b>Colours</b>	Royal Blue only. Orange colour used in pictures only to enhance/better show the product.
<b>Cracking &amp; stiffening</b>	Will not crack, nor stiffen, due to exposure to animal fats, degreasers, cleaning chemicals, and continuous exposure to water.
<b>Food safety</b>	Compliant with regulations covered by FDA, CFIA and EU for indirect contact with food. Multiple colour choices to manage food safety risks.
<b>Food industry info</b>	Food safe and compliant for indirect contact with food. Anti-microbial; mould will not grow on this material. Easily launderable. This product is specifically designed to pull loose-fitting gloves, such as metal chainmail and Top Dog’s sanitation glove, snugly over fingers and the hand. This product has good elastic qualities; and, after pulling over fingers and wrist, it will return to its original shape. <b>This product will significantly increase safety and finger dexterity.</b>
<b>Frequency of use</b>	Highly reusable for longevity and cost savings.
<b>Material</b>	100% Pure Polyurethane.
<b>Packaging</b>	Packs of 100 x 36 packs = 3,600 per box; 7 kg (15.4 lbs) per box; individually bagged.
<b>Size</b>	Small, medium, and large. Check with our distributor for local stocking sizes.
<b>Storage</b>	This product should be stored in an area not to exceed 82°C/180°F and in an area that is dry and out of direct sunlight.
<b>Thickness</b>	8 mil/200 microns.
<b>Comments</b>	Check our distributor’s range of our pure PU protective garments, giving you maximum flexibility and choices, so that you can select products to suit your applications. Their food-industry specialists will be happy to offer their expertise to ensure you’re using the right products, at the right price.

### 10 Things You NEED to Know About Top Dog pure PU Clothing

- 1. 100% unaffected by animal fats, degreasers, cleaning chemicals and water:** Awesome protection against these four elements, which are always in existence in food processing facilities. Clothing not made with pure PU will fall apart reasonably fast.
- 2. Will always stay soft “to the touch” to –65c:** Toss into a freezer for just 30 minutes and you will see that our products remain soft; will always be soft and supple!
- 3. Laundry-safe:** Easily clean in a regular washing machine. Dryer safe to 82c; However, it does not absorb moisture at all, so you can also tumble in a dryer with no heat.
- 4. Virtually nothing stains or sticks to this:** Apply paint, grease, food colouring, glues, etc to check out the wide range of items that do not stick or stain our products.
- 5. Extremely light weight and unbelievably comfortable:** Production-line workers will be much more productive, less tired and happier wearing protective clothing that is not heavy and uncomfortable. Smart employers know that this will increase productivity.
- 6. Very resistant to many, many nasty fluids/chemicals:** To test, please immerse our product in harsh and caustic chemicals, alcohols, ammonia and acids to verify its durability.
- 7. Easily repairable:** Quickly heat-weld a patch over damaged area using a household iron and brown paper between the patch and the hot iron.
- 8. Great abrasive resistance:** Our products have outstanding abrasion resistance. Rub them against rough surfaces to confirm the level of resistance.
- 9. Anti-microbial:** Expose to animal waste and waste food ingredients or very wet conditions – absolutely 100% anti-microbial. Our products will not host any bacteria!
- 10. Will NEVER crack:** Most other materials used for protective clothing will crack and fall apart in food processing facilities. **Top-Dog products will NEVER CRACK!**
