TASKI®

Jontec Purity

Floor cleaner for oiled wooden floors

Description

Cleaner specially developed for oiled wooden floors. Based on a special blend of surfactants which are very effective for soil removal. It also includes special additives and Tall oil to nourish the surface and leave a protective film renewed with each application.

Key properties

- Contains tall oil
- Nourishes the wood
- Leave a film on the surface

Benefits

- Based on pine oil, especially developed to be used on all types of oiled wooden floors
- Excellent cleaning performance
- Protects the surface from wear and stains

Use instructions

Always dust mop the floor to remove loose dirt prior to application.

General machine / floor cleaning:

1. Dose the product into full water tank of the machine.
2. Apply the solution and remove soiled solution immediately.
3. For extra shine buff with a single disc machine and a red/white pad. Use TASKI Intellipad.
4. **Caution:** The use of this product in hard water areas results in building up calcium soap! Clean the machine regularly to avoid clogging of nozzles.

Wet mopping cleaning:

1. Dose the product into a bucket filled with water.
2. Wet mop the floor in the direct method.
3. It is important that the amount of water used to clean the floor is kept to a minimum.
4. For best performance, use in combination with microfiber.
5. **Caution:** It is important that the amount of water on the floor is kept to a minimum. Always prefer damp methods.

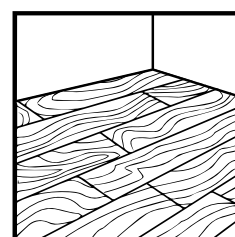

Dosage:

TASKI Jontec Purity needs to be diluted.

Minimum dosage: 200ml for 10l solution (2% / 1:50).

Increase concentration for heavy soiling (max 4%)

Proper dosage and temperature save costs and minimize environmental impacts.
