FLOOR CLEANER

Basic cleaner

# PLANTA<sup>®</sup> MULTI STRIPPER P 321

Ecological universal cleaner

## Application and dosage

2,5 l : 10 l water

Depending on age, number of applications and type of coating.

Spread cleaning solution onto the floor. Leave for a short time to take effect. Use a single-disk machine or an automatic scrubber and a suitable pad or brush to perform deep cleaning on the floor covering. Vacuum loosened dirt. Rinse floor covering with clean water. Vacuum up rinsing water.

## Note

Always use cold water.

Not suitable for asphalt or bitumen floorings.

Test the covering before application for material compatibility and colour-fastness.

Turn off any underfloor heating before performing basic cleaning.

When using with machines, the tanks should be regularly cleaned and washed.

Changes or variations in colour of the product do not impact on the quality.

## Hazard statements

H319 Causes serious eye irritation.
