

Product data sheet

Itemcode:	3844151G
Size:	55x80 cm. 50 pc. pr. roll
Tradename:	Bags of recycled LDPE
Print:	None
Colour:	Transparent
Ecolabel	Blue angel
Quality:	Recyclable Reclaim Material
Chemical Definition:	POLYETHYLENE
Harmful additives:	non
Waterproofness:	not guaranteed

Technical data

MFI (g / 10 min):	0,7 – 2,0 (DIN ISO EN 1122)
Density (g / cm³):	ca. 0,92 (DIN 53479)
Longitudinal strength lengthwise:	> 15 – 20 N/mm ² (DIN ISO EN 527-3)
Longitudinal strength crossways:	> 15 – 20 N/mm ² (DIN ISO EN 527-3)
Ultimate elongation lengthwise:	> 250 – 350% (DIN ISO EN 527-3)
Ultimate elongation crossways:	> 250 – 350% (DIN ISO EN 527-3)
Dart Drop:	> 1,5 – 2 pro mμ (ASTM D 1709)
Delivery form:	perforated on roll

Declaration of no-objection

We hereby declare that the records kept by us under the trade name ProfiPack sacks products are made only from recycled polyethylene.

This plastic material consisting of only carbon and hydrogen and containing no chlorine or plasticizers or other harmful additives.

**Good for me.
Good for the environment.**
